

AgriQuip

AGRICULTURAL IMPLEMENT WHOLESALERS

This new 'state of the art' three point linkage mounted spreader will hold 1300 litres of fertilizer (1 tonne of urea) and will give an even spread up to 38 metres. The heavy duty frame is completely hot dipped galvanized and holds the one piece polyethylene hopper which can be simply removed for cleaning or general maintenance. Standard features include twin hydraulic remote shutter controls and take note of the stainless componentry and framework for those extra long lasting qualities!

An additional model to the

SPREADMASTER

range
